

# Wasted

Jennifer Paige

We used to be happy  
We used to make sense  
We had everybody  
Believing again  
We used  
To stick together  
Everywhere we went  
Always in to each other  
So over confident

I don't know  
If you've ever fallen apart  
Or ever had a broken heart

I don't wanna be there  
I don't wanna be free  
It's wasted  
It's wasted on me  
I don't wanna be scared  
Why can't you agree  
It's wasted  
It's wasted on me

We used to be something  
Everybody saw that  
Said it was forever  
On the right track  
I don't know how it changed  
But I want it back  
Cuz I never saw this coming  
Never thought  
You could do that

I don't know  
If you've ever fallen apart  
Or ever really had a heart

I don't know it all  
I want it all  
Just wanna be  
Back to you and me  
Don't wanna go  
But here I go
