Jennifer Rush

A ave Maria A ave Maria 00 00 00 00 Were taking over the station Survivors of a different kind Messages of old dimensions say that were wise A ave Maria A ave Maria 00 00 00 00 Sensations are out on parade now Thoughts have ended up left behind Going round in circles fighting hidden desires A ave Maria A ave Maria The signals are there to read It's never that hard to see Stop wasting your time you will find Natures not always kind
