

Betcha Never

Jennifer Rush

Don't tell me that you don't like
anything about me
I've seen it in your eyes
that look, you think that I don't notice
Don't hide what you feel inside
Baby, I can feel the same
What you do is up to you
So maybe you should try again
or maybe you just fade away, yeah

Betcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
betcha never thought you'd touch my heart
Betcha never, betcha never
Betcha never thought that I'd surrender
Betcha never thought that you would ever get with me
I betcha never thought of that

Don't you be afraid to try
'cause you don't even know me
Why don't you read between the lines?
You know how it should be
Don't hide what you feel inside
Baby, I could feel the same
What you do is up to you
so maybe you should try again
or maybe you just fade away

Betcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
betcha never thought you'd touch my heart
Betcha never, betcha never
Betcha never thought that I'd surrender
Betcha never thought that you would ever get with me
I betcha never thought of that

I betcha never, never ever
I betcha never, betcha never thought of that

Maybe you should try again

Betcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
betcha never thought you'd touch my heart
Betcha never, betcha never
Betcha never thought that I'd surrender
Betcha never thought that you would ever get with me
I betcha never thought of that

Betcha never, betcha never
Betcha never thought we'd get this far
Betcha never, never ever
betcha never thought you'd touch my heart
Betcha never, betcha never

Betcha never thought that I'd surrender
Betcha never thought that you would ever get with me
I betcha never thought of that
