

Cry, Baby...

Jennifer Rush

Cry, baby cry love's last goodbye
So deep in your mind
Lost in some delight

Secretly when you came to me
Something told my heart beware
I was lost in dreams from yesterday
Does nothing ever remain the same

So lie, baby lie, one last try
Deep in your mind
Lies baby, lies

Suddenly you turned away from me
I reminded my heart not to care
Now you've lost your dreams from yesterday
Till all those hopes are far away

Cry, baby cry
Yesterday's gone to stay
So cry, baby cry
Cry, baby cry
Yesterday's gone to stay
So cry, baby cry
Yesterday's gone to stay
So cry, baby cry
Ooh, gone
Cry, want you to cry
