

## Cry, Baby...

Jennifer Rush

Cry, baby cry love's last goodbye  
So deep in your mind  
Lost in some delight

Secretly when you came to me  
Something told my heart beware  
I was lost in dreams from yesterday  
Does nothing ever remain the same

So lie, baby lie, one last try  
Deep in your mind  
Lies baby, lies

Suddenly you turned away from me  
I reminded my heart not to care  
Now you've lost your dreams from yesterday  
Till all those hopes are far away

Cry, baby cry  
Yesterday's gone to stay  
So cry, baby cry  
Cry, baby cry  
Yesterday's gone to stay  
So cry, baby cry  
Yesterday's gone to stay  
So cry, baby cry  
Ooh, gone  
Cry, want you to cry
