Cry, Baby...

Jennifer Rush

Cry, baby cry love's last goodbye So deep in your mind Lost in some delight

Secretly when you came to me Something told my heart beware I was lost in dreams from yesterday Does nothing ever remain the same

So lie, baby lie, one last try Deep in your mind Lies baby, lies

Suddenly you turned away from me I reminded my heart not to care Now you've lost your dreams from yesterday Till all those hopes are far away

Cry, baby cry Yesterday's gone to stay So cry, baby cry Cry, baby cry Yesterday's gone to stay So cry, baby cry Yesterday's gone to stay So cry, baby cry Ooh, gone Cry, want you to cry
