

# Healing Power

Jennifer Rush

Do you believe there's a healing power in love  
Or is it just a fantasy  
Do you believe there's a power from above  
I feel it between you and me

And I don't have to look in your eyes to know  
There's something going on here  
That's out of our control  
This is happening too fast for us to fight

There's a healing power  
Deep in all of us  
In the darkest hour  
We can still rise up  
There's a new horizon  
Between you and me  
Everytime you take my hand I understand  
All the healing power

I know now without here to see me through  
My heart would shatter  
'Cause in this ever changing world  
I still reach for you  
You're everything that matters

Now you don't have to say a word, I understand  
When you lay down your love that's forever  
You take me in your arms  
And I can hear you say to me

There's a healing power in love  
Deep in all of us  
In the darkest hour  
We can still rise up  
There's a healing power  
Between you and me  
Everytime you take my hand I understand  
The healing power

Deep in the night, when we're soul to soul  
I swear I feel the power that's greater than our own  
And when it all unfolds  
We tumble through the darkness  
To the great unknown

There's a healing power  
Deep in all of us  
In the darkest hour  
We can still rise up  
There's a new horizon  
Between you and me  
Everytime you take my hand I understand  
All of the healing power...
