

Love Is A Wild Thing

Jennifer Rush

Some people say
Love is fate - but I don't buy it
It's a chance we're taking
We've gotta try it

How can we know
What the night is gonna teach us
Can we be so certain
Love is gonna reach us

Armed with the best of intentions
Our eyes are burning through the dark
Wondering if dreams are gonna find their mark

Love is a wild thing (ooh baby)
Love is a wild thing
Can't hold a wild thing (ooh baby)
Can't stop a wild heart

Hold onto love
And it will vanish like a smile
As you watch you'll see it
Slip through your fingers

To the challenge we rise
Could it be this time's the charm ?
There are secrets in your eyes
Love is a promise

Holding back hearts often broken
Thinking the words never said
All this emotion's gotta find a way

Love is a wild thing (ooh baby)
Love is a wild thing
Can't hold a wild thing (ooh baby)
Can't stop a wild heart

Breaking down the walls

Armed with the best of intentions
Our eyes are burning through the dark
Wondering if dreams are gonna find their mark

Love is a wild thing (ooh baby)
Love is a wild thing
Can't hold a wild thing (ooh baby)
Can't stop a wild heart
