

Never Say Never

Jennifer Rush

It was over, I was letting go
Another heart without a home
It was enough to make my world stop turning
I fell apart too easily
I was thinking love was not for me
How was I to know the kind of changes I'd go through
I swore I'd never fall in love again
That's when I met you

Never say never no
I'll never say never again

Looking back now like the setting sun
The hardest times have come and gone
You were enough to make this heart stop searchin'
You called my name and I let you in
With you I'm strong I can breathe again
How was I to know back then the best was yet to come
I swore I'd never fall in love again
Where did you come from

Never say never no
I'll never say never again

As sure as I'm standing here
As sure as the river's gotta run
You're here to remind me
That baby this world was made for love

Never say never no
I'll never say never again

How was I to know back then the best was yet to come
I swore I'd never fall in love again
Where did you come from

Never say never no
I'll never say never again

Now I believe in love
