

## Now Is the Hour

Jennifer Rush

Now is the hour  
Where my heart lives  
Here in this moment's  
Perfect gift  
Unafraid of the years  
Or a wasted kiss  
Now is the hour  
Where my heart lives

Tomorrow may sleep  
But sure as time  
Will wake and steal  
All the youth that was mine  
Now while your breath  
Is still fresh on my lips  
Now is the hour  
Where my heart lives

Now is the hour  
Where my heart lives  
Here in this moment's  
Perfect gift  
Unafraid of the years  
Or a wasted kiss  
Now is the hour  
Where my heart lives

Now is the hour  
Where my heart lives.
