Jennifer Rush

(Pleasure, pleasure, pleasure)  
(Pleasure, pleasure, pleasure)

I never knew someone could do  
The things for me you do  
The giving I find is all yours  
Then you leave me

Thinking of you moves me inside  
Emotions I don't want to hide  
I wanna share them with you all night long  
These feelings  
Can you stay so I don't have to use my mind  
Can you stay don't go away  
Stay

(Pleasure, pleasure, pleasure)  
When I think of you it's pleasure  
Sweet lovin' pleasure  
Unbelievable pleasure

Without you I feel no soul  
Together our lovin' flows  
Then you leave me lost in misery  
Can you stay so I don't have to use my mind  
Can you stay don't go away  
Stay

(Pleasure, pleasure, pleasure)  
When I think of you it's just pleasure  
Sweet lovin' pleasure  
Unbelievable pleasure  
You're givin' me  
Can you stay  
Can you stay so I don't have to use my mind  
Can you stay don't go away  
Stay

When I think of you it's pleasure  
Sweet lovin' pleasure  
Unbelievable pleasure  
You're givin' me pleasure  
When I think of you it's just
