

Remind My Heart

Jennifer Rush

I'm falling baby I can feel it
when I get this far I know
That there's just one way to go
This danger I just never see it
But you think by now I'd know, oh
Get too close to the fire an you're gonna get burned
Darling, that is a lesson I've never learned"

Think I'd better
Remind my heart
To be careful
Remind my heart
To be wise
I've learned that love can make you happy
But love can make you cry
Love can make you cry

Oh yeah, Oh
But not a heartache baby I don't need it
Wanna take it slow this time
Cause nobody's fool is blind
I take it when I oughta leave it
It could happen again tonight, oh

Oh they say every minute a new fool is born
When I look in your eyes there could be one more

Think I'd better
Remind my heart
To be careful
Remind my heart
To be wise
I've learnt that love can make you happy
But love can make you cry

So I'd better
Remind my heart
To be patient
Remind my heart
Love can lie
I've learned that love can make you happy
But love can make you cry
Love can make you cry
Love can make you cry.

Ooh-oh yeah, oh
Ooh-oh, yeah, oh

I'm falling baby I can feel it
When I get this far I know
That there's just one way to go
This danger I just never see it
But you think by now I now, oh.

Get too close to the fire and your gonna get burned
Darling, that is a lesson that I've never learned
Where there's trouble that's where this old heart seems to go

Before I lose what's left of my self control

Think I'd better
Remind my heart
To be careful
Remind my heart
To be wise
I've learned that love can make you happy
But love can make you cry
Love can make you cry.

So I'm gonna
Remind my heart
Remind my heart, yeah
I've learned that love can make you happy
Love can make you cry
Love can make you cry.

Ooh wooh, ooh wooh, ooh wooh
That's why I'm gonna
Remind my heart
Remind my heart
To be wise
I've learned that love can make you happy
Love can make you cry
(Love can make you cry)
Love can make you cry.

(Remind my heart)
Remind this heart
(Remind my heart)
To be wise
I've learned that love can make you happy
But love can make you cry
Love can make you cry
