

# Still

Jennifer Rush

Keep, this promise I'm making  
Heal, this heart that you saving  
Let this words be free like pieces of me  
Let them burn away through the spaces

When the last days have come and it's all said and done  
You will still be the one I belong to  
No distance so far could keep us so far  
Let the world end but I'll love you still

Sweet perfect surrender  
Will keep falling forever  
Let our hearts be free, like wild men to be  
Let the light they shine bringing back to me

When the last days have come and it's all said and done  
You will still be the one I belong to  
No distance so far could keep us so far  
Let the world end but I'll love you still

Stay in my arms till the sunrise  
Stay in my heart for all lifetime  
Heaven could fall but I will love you still

When the last days have come and it's all said and done  
You will still be the one I belong to  
No distance so far could keep us so far  
Let the World end but I'll love you still, still
