

# Till I Loved You

Jennifer Rush

Nothing lived, nothing grew  
Till I loved you  
Every sky, ever grey  
Never blue.

Ooh, you were my friend  
Good friend  
And often I would wonder  
Could the one to save me possibly be you?

I was lost, I was blind  
Till I loved you  
Wouldn't see, couldn't find  
Someone new.

You were my friend  
Dear friend  
And though I held you close to my heart  
I never thought you'd cause  
my soul could break in two.

Until that certain moment  
When I loved you.

No joy ever entered my room  
When my room was without you  
My love never came into bloom  
Till each thought was about you.

Not a bird in the spring  
(Not a spring) Till I loved you  
Not a dream, or a prayer  
Could come true.

Until that curtain lifted  
Parted, drifted  
From you...  
Until that certain moment  
When I loved you.

Until that certain  
(And feeling that moment)  
(Certain moment)  
Certain moment  
When I loved you  
When I loved you.
