

When I Look In Your Eyes

Jennifer Rush

Feel like dancing forever,
Through the sun and the rain,
To be with you every day.
We make music together,
And It begins to play,
When I look in your eyes.

I can feel the world spinning round,
Moving under my feet.
When I look in your eyes.
I can feel that love coming down,
Falling all over me.
And my heart skips a beat,
When I look in your eyes.

Like a ship on the ocean,
Riding high on the tide,
On a moonlit night.
With perpetual motion,
And I wear no disguise,
When I look in your eyes.

I can feel the world spinning round,
Moving under my feet.
When I look in your eyes.
I can feel that love coming down,
Falling all over me.
And my heart skips a beat,
When I look in your eyes.

Dreams keep coming true.
Skies are forever blue, hey.

I can feel the world spinning round,
Moving under my feet,
When I look in your eyes.
I can feel that love coming down,
Falling all over me,
And my heart skips a beat

And I can't even breathe,
Now you're all that I see,
When I look in your eyes.
