

Could It Be Love

Jennifer Warnes

Well it seems right
But I wonder
And it feels right
But I wonder
If I know how true loves feels
Well he shows me
But I wonder
He tells me
But I wonder
If he knows how true love feels
Is it all infatuation
(Or is it possibly real)
Is it heart ache's consolation
(Or is it possibly real)
Tell me again
(This could be just what you wanted so long)
Please tell me again
(This could be someone who has wants and needs of his own)

Well it seems right
(Could it be love)
But I wonder
(Could it be love)
And it feels right
Oh but I wonder
(Could it be love)
If we know how true love feels

Is it all infatuation
(Or is it possibly real)
Is it heart ache's consolation
(Or is it possibly real)
Tell me again
(This could be just what you wanted so long)
Please tell me again
(This could be someone who has wants and needs of his own)

Well it seems right but I wonder
It feels right but I wonder
If we know how true love feels
Well he shows me but I wonder
He tells me but I wonder
If we know how true love feels
Well it seems right but I wonder
It feels right but I wonder
