

Clean Break

Jenny Owen Youngs

Make it a clean break
Make it a fast cut
Don't wanna feel the ache
Don't wanna keep the rut

Parts of me I don't need anymore can go
Don't bother with the table
We can do it on the floor
God knows I am sure

Make it a clean break
Make it a fast cut
Don't wanna feel the ache
Don't wanna keep the rut

Don't need more anesthetic, oh
And no more last regrets
Just sterilize the scalpel and let's get this over with
We've got muscle to transect

If I come to, still feel you creeping in my skin
It's back
I lie under the knife and start over again
Can't abide no ventolins

Make it a clean break
Make it a fast cut
Don't wanna feel the ache
Don't wanna feel the rut

Make it a clean break
Make it a fast cut
Don't wanna feel the ache
Don't wanna feel the rut

Make it a clean break
Make it a fast cut
Don't wanna feel the ache
Don't wanna feel the rut
