

Transmitter Failure

Jenny Owen Youngs

there's a lot of words in the english language
and i'm just getting started, baby
we could be here all night
we could be here all night
we could be here all night

you say,
'i don't wanna know how you work'
you say,
'i don't want the pieces, i just want the break'

there's some tired words
that would carry the meaning
but i keep stumbling on the first one
we could be here all night
i could put you to sleep
we could be here all night

you say,
'i don't wanna know how you work'
you say,
'i don't want the pieces, i just want the break'

days don't mean anything
i wait 'til i'm the one for you
well, words don't change anything
i know it's coming, soon
i know it's coming soon

you say...
you say...

you say,
'i don't wanna know how you work'
you say,
'i don't want the pieces, i just want the break'
you say,
'i don't wanna know how you work'
you say,
'i don't want the pieces, i just want the break'
