

# Buh Bye

Jeremih

Yup, yup, can't do it, can't do it

She says she love me then she loves me not  
But she don't hate me if I kick her out my spot  
'Cause darlin' lately it seems we've been growin' apart  
I don't know how much more I can take this

I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
But when I look into her eyes, eye, eye, eye, eye, eyes  
Just can't do it, do it, do it

Never felt this before, could it be that we lost the flame?  
That them true lovers have, how did it all just slip away?  
Seems so right at the beginnin', now it seems close to the endin'  
Like we just friends, I need to breathe again, ooh yeah

These feelin's I'm feelin' startin' to drive me crazy  
Just the thought of another man makin' other plans with my lady  
And girl I've tried and tried hard so we can work this out  
But I just don't know right now

Because at times you say you love me then you love me not  
But you don't hate me if I kick you out my spot  
'Cause darlin' lately it seems we've been growin' apart  
I don't know how much more I can take this

I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
But when I look into your eyes, eye, eye, eye, eye, eyes  
Just can't do it, do it, do it

Girl when I see your face  
It reminds me of the long nights and the good ol' love we made  
And now I just can't forget it, mind stuck with it  
Don't remember the last time I hit it  
Breathe again, I need to breathe again, oh yeah

And when I call ya, the voice mail I get like you've reached Toya  
And no, I never wanna leave my name and number  
Playin' these childish games, you wanna freeze again  
Now I don't need him again

But then you say you love me then you love me not  
But you don't hate me if I kick you out my spot  
'Cause darlin' lately it seems we've been growin' apart  
I don't know how much more I could take this

I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
But when I look into your eyes, eye, eye, eye, eye, eyes  
Just can't do it, do it, do it

Well, then again I probably can  
I don't know how longer I can be with you so I guess it's all on you  
It's with these mix signals and all it's kind of, kinda hard to tell  
You know 'cause one day

You say you love me then you love me not  
But you don't hate me if I kick you out my spot  
'Cause darlin' lately it seems we've been growin' apart  
I don't know how much more I can take this

I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
I feel like sayin' buh, buh, buh, buh, buh, buh, buh, buh, buh bye  
But when I look into your eyes, eye, eye, eye, eye, eyes  
Just can't do it, do it, do it
