

Jumpin

Jeremih

Ooo!

I'm on dance floor
With my cup got a couple cuties
They got big old butts,
We feeling naughty
Tryna misbehave
Looking for a freak, they willing to demonstrate
Some hundred dollar bills
Get ;em off the ground
Its time for me to hit
Get me off the mound
Hit me out of here
Get some Belvedere or the Doogy Houser
And have a Wonder Year

Now shawty don't say that you wanna in the night
Cause frankly we can get it in a night
You know who you is, a night full of shots
That mix shawt and Jeremih

And now if you gone eat it Ima gonnd do you on up
On up and if you at a party gone throw yo hands up
Man this party's jumpin', bumpin', jumpin', man this
Party jumpin', bumpin', jumpin'

Now if its two hundred degrees
And it ain't coming back down
Now if you really wanna you do it right now
Man this party's jumpin', bumpin', jumpin'
Man this party's jumpin', bumpin', jumpin'

Party stay jumpin don't nobody wanna leave

Now you don't wanna leave
And its after three
With the heat up can nobody breath
I think I'm gonna luck
Up don't need clover leaf
If you got a big donk truck back it up for me
Like
To the left
To the right
You know I need that, uh huh
In my life I keep a real big, uh huh
Appetite
So won't you come, fill me for the night

Now shawty don't say that you wanna in the night
Cause frankly we can get it in tonight
You know who you is a night full of shots
