

Be Still

Jeremy Camp

Lord help me now to face this battle
My strength has failed and my eyes can't see
Through the waves of doubt that take me under
In the chaos I hear you speak

Be still and know that You are my God
Be still and know that You are enough
Though my heart is racing still You're in control
Be still and know that You are my God

You brought me rest in times of struggle
I lay my head down at Your feet
The storm in me that I can't wrestle
Is calmed when I hear you speak

You are faithful
And Your love endures forever
Yes, Your love endures forever
You are able
In You I'll stand forever
Yes, in You I'll stand forever
