

Innocence

Jeremy Camp

Innocence is calling
The way it's always been
I can feel my heart is reaching
I can see the calling to show your heart
Within because I know your blood is healing

All I am today and all I am is what your hands
Have made me
Here my soul is healing

As I fall down I give all these weak hands
Have forsaken, as I fall down before you
I know I've been broken

Lord I feel you drawing my heart into your love
I can hear your voice is pleading I can see
You molding the shape of purity I am what
You've laid before me
Here my soul is yielding

As I fall down I give all these weak hands
Have forsaken, as I fall down before you
I know I've been broken

As I fall down before the one whose hand
Has reached me out of this fear and doubt
That's stolen all man's hope of knowing you

As I fall down I give all these weak hands
Have forsaken as I fall down before you
I know I've been broken.
