

In this life there is one guarantee  
This broken world will only leave me empty  
But there's a life that healed my heart  
And it holds firm when I'm falling apart

I will stand on the truth  
In the living word of God  
'Cause every time it moves my soul and shapes my every thought  
It's alive in me, the very breath I breathe  
I'm holding on with all I've got to the living word,  
The living word of God  
The living word of God

I can't survive on bread alone  
I hunger and I thirst for your words that give me hope

I stand on the truth  
In the living word of God  
'Cause every time it moves my soul and shapes my every thought  
It's alive in me, the very breath I breathe  
I'm holding on with all I've got to the living word,  
The living word of God

Speak into me now  
Your voice is all I'm craving  
What a freedom I have found  
In the living word of God

I will stand on the truth  
In the living word of God  
'Cause every time it moves my soul and shapes my every thought  
It's alive in me, the very breath I breathe  
I'm holding on with all I've got to the living word,  
The living word of God  
The living word of God  
The living word of God
