

# Only In You

Jeremy Camp

There's a place  
Where thirsty souls  
Find living water  
And thirst no more  
And there's a place  
Where weary hearts  
Find perfect rest  
In mercy's arms  
In mercy's arms

Only in You, hey, only in You, hey  
Here in Your presence  
You're making us new  
Only in You, hey, only in You, hey  
Nothing compares to the life we find only in You

There's a place  
Where fear can't stand  
Where the broken down  
Need healing hands  
And there's a place  
Where glory's light  
Makes shackles fall  
And shadows hide, and shadows hide

Our strong tower  
Our great refuge  
In the shadow of Your wings  
Halleluiah, we have found  
The source of everything we need
