

Mind Idea

Jeremy Enigk

Mind idea, throwing you round
Mind ideas, highway crawl, the nations die
Halfway home an all new wind
That with hands an all new sin
Steeple built upon their graves

Ready to climb the ruins, we fight
Whispering loud and clear the secret unsafe

Mind ideas, them ideas
Highway sprawl, the nations die
Halfway home an all new wind
That with hands an all new sin
Steeple built upon their graves

Every life bloom we're marching through
Desire finds it's way home to you
Desire finds it's way back to you
Design by your grace we live on
