

## Same Side Imaginary

Jeremy Enigk

Crimson angel  
I live and plant there still redeemed  
They've got it all but they ain't got emotion  
Same side imaginary

Lost in a world they build  
Release  
They got it all but they ain't got emotion  
It's the same side imaginary

Grow, I know, I know the time is coming 'round  
Same silent love story  
I live and plant there, I live, adorn my world  
But I gotta buy it before I try it  
It's the same silent love story

Grow, I know, I know the tide is coming 'round  
Keys unlock to hear the sound, the sound  
It's same side imaginary, same side imaginary  
Same side imaginary, same side imaginary
