

## Sandwich Time

Jeremy Enigk

Where are you now  
Where are you going  
See you coming  
Back again  
A magic world in a look  
A magic world in a look of eyes

Worry you now  
Heart a racing  
See how you're running  
Back again  
A magic world in a look  
A magic world in a look of eyes

Carry you now  
Bearing on shoulders  
See you coming  
Back again  
A magic world in a look of  
A magic world in a look of eyes

Don't tell me you changed your mind  
Sear your eyes in the northern wind  
I'd escape when you're running through  
I've a magic world in a look  
A magic world in a look of eyes
