

# Let It Shine

Jeremy Fisher

1, 2, 1, 2, 3, 4

This little light of mine  
I'm gonna let it shine  
Out on the street, in the rain, in the heat  
When Ray plays his harp in the key of red wine

Ain't seen a dime all day  
So I play what the kids wanna hear  
While I sponge on Broadway

Shine, let it shine  
Even if it burns your eyes  
This light of mine is mighty  
And I'm gonna let it shine

Even in the dark I'm gonna let it shine  
Fine on the end like a holy roman candle  
From the hand of a kid dressed in black  
Gonna have to get your act together  
Get off your banner and figure out your genre  
But none of ya'll found it just

Shine, let it shine  
Even if it burns your eyes  
This light of mine is mighty  
And I'm gonna let it shine

Everywhere I go I'm gonna let it shine  
Ride on a bike from a marked place to Pike  
Black hills of South Dakota, banks of Nova Scotia  
This land is my land, it's your land too  
Try to hold it in your hand and the sand falls through

Shine, let it shine  
Even if it burns your eyes  
This light of mine is mighty  
And I'm gonna let it shine

God gave it to me and you, I'm gonna let it shine  
Are we gonna get along or are we gonna get it on?  
Everybody's wrong but who's side is he on  
Holy war, what's the score? It doesn't matter anymore  
Mirrors in the bathtub 'cause Jesus needs a good scrub

Until he shines  
Even if it burns your eyes  
This light of mine is mighty  
And I'm gonna let it shine

This little light of mine, I'm gonna let it shine  
Listen to the music, I heard my friend say  
If you can't save the world you better try to change it  
Maybe use the government, war in middle Asia  
Maybe it's you and me my friend

Shine, let it shine

Even if it burns your eyes  
This light of mine is mighty  
And I'm gonna let it shine
