

# Sucker Punch

Jeremy Fisher

Got me again  
Got me so low  
Got me unclothed  
Climb into me  
I try to climb you  
But I'm on my knees so you can watch the tube

Drives me insane when you blow a fuse  
What's the big deal?  
What's the use?  
You're always confused  
Well what is abuse if you say

This ain't the same  
You say this ain't the same

Chorus  
You can't just dig around anytime you like  
This ain't no lost and found  
Don't be bringin flowers when you're lookin for a fight  
Your sucker punch won't drop me this time around

Got me again, put me to tears  
Sorry for you, poor little you  
It's all my fault 'cause you were abused but you say

This ain't the same  
You say this ain't the same

Chorus

Things that you say ain't what you mean  
You suffocate the air I breathe  
I ain't so weak, I can be mean  
I got a streak in me

In me, you painted it all over me

Chorus
