

Sucker Punch

Jeremy Fisher

Got me again
Got me so low
Got me unclothed
Climb into me
I try to climb you
But I'm on my knees so you can watch the tube

Drives me insane when you blow a fuse
What's the big deal?
What's the use?
You're always confused
Well what is abuse if you say

This ain't the same
You say this ain't the same

Chorus

You can't just dig around anytime you like
This ain't no lost and found
Don't be bringin flowers when you're lookin for a fight
Your sucker punch won't drop me this time around

Got me again, put me to tears
Sorry for you, poor little you
It's all my fault 'cause you were abused but you say

This ain't the same
You say this ain't the same

Chorus

Things that you say ain't what you mean
You suffocate the air I breathe
I ain't so weak, I can be mean
I got a streak in me

In me, you painted it all over me

Chorus
