

# Sula

Jeremy Fisher

All the songs to sing been sung  
All the things to do been done  
You got nowhere left to go

All the dreams to dream been dreamed  
All the things to see been seen  
Guess you better find your way back home

Dear ol' Sula  
Knew I'd lose ya  
I ain't been waitin' for you

All the things to feel been felt  
All the pretty roses smelled  
Sit back these days, get left behind

All the things to touch been touched  
Baby grown, you learned so much  
Pick a grape and turn it into wine

All the songs to sing been sung  
Can't take the honey if you don't get stung  
Sting a bee, sing a bird a song

All the dreams to dream been dreamt  
In my bones you never left  
Ain't it bitter-sweet like home-sweet-home

Dear ol' Sula  
Knew I'd fool ya  
I ain't been waiting
