

The One

Greene, Jeremy

Baby girl, I know you're used ta
Fellas sayin' that they don't want just to use ya
They don't care about your future
Or even if they lose ya
They only want one night with ya
You know, I'm tryin' to keep it alright with ya
I wanna be the one to ride with ya
I put it on my life, baby girl

Other men try to compete
But it really don't bother me
I bet you worry you won't seem
That I got just what you need
Listen baby, we can take it slow
I ain't got no other place to go
Ain't no other way I can break it down, girl

I'm a be the one
Be the one to hold you down
Even when my boys around
Ain't no need for number two now
Cause I'm a be the one
Be the one to do you right
And I'm a put it girl, on my life
Anything to make you mine
Cause I'm a be the one
The one, the one, the one, yeah, yeah

If you need it, you can have it
I been droppin' other girls, it could happen
Say the one and I'm a match it [?]
Girl, we can make it happen
I wanna spend some time with ya
You know, I'm tryin' to keep it alright with ya
I wanna be the one to ride with ya
I put it on my life, baby girl that

Let me be what you need, girl
You know I keep it true
This is only for you, girl
You know I'm here for you
No more searchin' for love, baby
Cause I'm here and I'll be the one
