

# Tomorrow

Jeremy Messersmith

Will I see you again?  
Same time tomorrow  
Well, I hope so  
Let's watch the midnight sky  
I won't say goodbye  
Until tomorrow

Yesterday is gone  
Today is almost over  
Come on let's stay up late  
We'll turn our today  
Into tomorrow

Today is all we've got  
A moment here then not  
And if tomorrow never comes  
I'll be standing with the one I love

It's time to say goodnight  
And then you kiss me  
Sweetly  
Let's watch the morning break  
Some things just can't wait until tomorrow
