

Come To Me (One Way Or Another)

Jermaine Jackson

You smiled at me
It was instant ecstasy
And I know for sure
I'm not gonna let this feeling show
No
Then you slipped away
And left me dreamin' every day
How could this be
When love was all right there for me
Seems like your love's a melody
All this time it has haunted me

Girl you go to come to me
Come to me
Sugar
You're gonna have to come to me
Come to me
One way or another
Come to me
Come to me
Honey
You're gonna have to come to me
Honey
There's no gettin' around
Gettin' around me
There's no gettin' around
Gettin' around me

Ooh you're in the air
Girl I feel you everywhere
I heard you call my name
Turning 'round and you're not there
Looks like love is just a memory
A memory is not enough for me
