Don't Take It Personal

Jermaine Jackson

It's just one of them days, when I wanna be all alone It's just one of them days, when I gotta be all alone It's just one of them days, don't take it personal I just wanna be all alone And you think I treat you wrong

I wanna take some time out to think things through I know it always feels like I'm doing you wrong But I'm so in love with you So understand that I'm only in love You're the only one I need So have no thought that I want to leave And baby trust me please

Just one of them days, that a girl goes through When I'm angry inside Don't want to take it out on you Just one of them days, don't take it personal I just wanna be all alone And you think I treat you wrong Don't take it personal, baby baby baby Don't take it personal

I see and I think about every thing we do And I find myself in misery and that ain't cool Hey now, I really want to be with you The whole way through But the way you make me feel inside keeps me confused As I swing back from mood to mood It's not because of you I never want you to be insecure So won't you understand that I'm only in love You're the only one I need I'll be there for you when you need me boy So baby don't you leave

Just one of them days, that a girl goes through When I'm angry inside Don't want to take it out on you Just one of them days, don't take it personal I just wanna be all alone And you think I treat you wrong Don't take it personal, baby baby baby Don't take it personal

Just one of them days, that a girl goes through When I'm angry inside Don't want to take it out on you Just one of them days, don't take it personal I just wanna be all alone And you think I treat you wrong Don't take it personal, baby baby baby Don't take it personal

Don't take it personal, baby baby baby Don't take it personal Don't take it personal, yeah, don't take it personal Just one of them days, that a girl goes through When I'm angry inside Don't want to take it out on you Just one of them days, don't take it personal I just wanna be all alone And you think I treat you wrong Don't take it personal, baby baby baby Don't take it personal
