

Please Say You Will

Jermaine Stewart

Ooh-ooh...

Say you will, say you will

Say you will

We've been together a long, long time

Now I've got something to say, oh, baby, baby

I need to hear you tell me that you're mine

And it's driving me crazy

Every day I see you laughing

Your smile just drives me wild

Baby, you'd do something to me, girl

And I really need to hear you

Say that you love me, so please

Please say you will

I'd do anything to keep you by my side

Don't you know that

I'd walk a thousand miles for you

'Cause I really need you

Everything will be alright

If you stay with me tonight

Baby, you'd do something to me, girl

And I really need to hear you

Say that you love me, so please

Please say you will be

Right here beside me, so please

Please say you will

Every day I see you laughing

You know that I really need to hear you

Say that you love me, so please

Please say you will be

Right here beside me, so please

Please say you will be

Right here beside me, so please

Please say you will be

Right here beside me, so please

Please say you will

I really need to hear you

Say that you love me, so please

Say you will, say you will

Say you will, say you will

Say you will, say you will

Say you will...
