

## Beach Baby

Jerrod Niemann

You slip off your blue jeans, put your bikini on  
We've only got 'til the end of the night, so let's drink to it  
Have fun we'll never forget, 'cause that's how we do it  
Tappin' toes in the sand as the band plays  
When you put your arms around your man, you know you're gonna hear me say

Hey beach baby, bikini body got me goin' crazy  
Rockin' it out with your hands up in the sky side to side  
Salt skin lady, dancin' close, got me thinkin' maybe  
You'll be mine later on tonight  
Hey beach baby, gonna hold you tight

When it's time for one more round and were through sippin'  
We'll get down, down on the beach where it's a little more hidden  
Sea breeze blowin' through your hair as you and the palms sway  
The way you're movin' in the moonlight you know you're gonna hear me say

Hey beach baby, bikini body got me goin' crazy  
Rockin' it out with your hands up in the sky side to side  
Salt skin lady, dancin' close, got me thinkin' maybe  
You'll be mine later on tonight  
Hey beach baby, gonna hold you tight

Tappin' toes in the sand as the band plays  
When you put your arms around your man, you know you're gonna hear me say  
You slip off your blue jeans, put your bikini on

Hey beach baby, bikini body got me goin' crazy  
Rockin' it out with your hands up in the sky side to side
