

Carry Me Away

Jerry Jeff Walker

I'm on my way - got a gig in Austin today
I'm loaded to the gills listenin' to the wheels
Carry me away
Won't you lift this yoke from around my throat
Take another toke till I cough and choke
Let it carry me away

'Cause if dreamin's for dreamers, well, then I'm dreamin' my li
fe away
Dreamin' a dream and I'm dreamin' of you
Let it carry me and see me through the day
Gotta get up before you get down
Somebody help me get on board

'Cause if dreamin's for dreamers, well, then I'm dreamin' my li
fe away
Dreamin' a dream and I'm dreamin' of you
Let it carry me and see me through the day
Gotta get up before you get down
Somebody help me get on board
