

# It's A Good Night For Singing

**Jerry Jeff Walker**

It's a good night for singing,  
I got too drunk and my ears are still ringing  
It's so good to be here, it's a brand new day  
We been singing weary midnight tunes,  
We started at noon, it's a slip of the moon  
And we still got time, it's a brand new day

I wonder where are all the pleasant souls tonight  
Indecision made them stay home and wait for daylight  
Spherical witness, help me in my flight

Singing hours into the night, over and over 'til we saw the light  
The nighttime seesaw, the love light we saw  
Love at the right time, love at the right time

It's a good night for singing,  
I got too drunk and my ears are still ringing  
It's so good to see you, it's a brand new day

It took us lifetimes to get this far, back to reality  
Wonder where we are tonight, it's a brand new day
