

A Little Peace and Harmony

Jerry Lee Lewis

You know baby wanted to run right out
I bet not, yes she did
I disagreed and said I thought
We ought to put it off
Um-hm
Listed some of the reasons
I did it, with regret
I told her what we needed most
Before we took that step
And it was, harmony
A little peace and harmony
It's a whole new world, livin' together
Long, long time, it's forever
How 'bout a little peace and harmony
Yeah
Baby gave me a talkin'
She laid her feelin's down
She said, 'Jerry Lee, you better hurry, boy
'Cause I ain't gonna wait around'
I said 'Honey, take this love
Don't be pushin' Killer, around
The only way we're gonna make it, darlin'
Lay that love right down
Just a little, harmony
A little peace and-a harmony
Well, it's a whole new world, livin' together
A long, long time is forever
About, about a little peace and harmony
Give it to me
About a little peace and harmony
