

## Come On In

Jerry Lee Lewis

If you're here 'cause you love me  
And not just because things didn't work out with him  
If you've had sweet dreams of me where we left off  
Come on in, come on in  
If you've come back forever and if you're sincere  
If you'll be satisfied with one man  
If you've got it together and you're bringing it here  
Come on in, come on in  
I've been missing the fire in your ocean green eyes  
And the love words you whispered back then  
And if you can still say them without telling lies  
Come on in, come on in  
It's the worst kind of hell when we're living apart  
I don't think I can take it again  
If you swear you won't break it, I'll open my heart  
Come on in, come on in  
Come on in, come on in
