

Down the Road Apiece

Jerry Lee Lewis

Well, if you wanna hear some boogie like I'm gonna play
It's just an old piano barge just down the way
The drummer man's a cat, they call Captain McCoy
Know you're gonna dig that little drummer boy

Mama's gettin' chicken fried in bacon grease
Come on along boys, get down the road a piece
Let's ride

Well, there's a good place, you really get your kicks
It's open every night about twelve to six
And if you wanna hear some boogie that could get your
fill
And shoot it right through you like an old steam drill

Come on along and you can lose your leash
Down the road, down the road, down the road a piece
C'mon baby, let's have a ball

Well, there's a place you really get your kicks
It's open every night about twelve to six
And if you wanna hear some boogie, that could get your
fill
I'll shoot you right through you like an old steam
drill

Come along, boys and listen to me
Come on along, boys, get down the road a piece
Might lie down the road a piece

Hey, come on along, come on along and you can lose your
leash
Well, it's just down the road, down the road a piece,
hey
