

Forever Forgiving

Jerry Lee Lewis

Forever forgiving honey that's you
You're so understanding of the wrong I do
I don't mean to hurt oh but sometimes I do
So please don't stop loving or forgiving this fool

Forever forgiving darling that's you
I'm gonna try harder to make it up to you
I could never love no one the way I love you
So please don't stop loving or forgiving this fool

Forever forgiving darling that's you
I'm gonna try harder to make it all up to you
Girl I could never love no one the way I love you
So please don't stop loving honey don't you stop loving
Baby please don't you stop loving and forgiving this old fool
