

I'm On Fire

Jerry Lee Lewis

Well, help me, mister fireman, please
You know I'm burning from my head to my knees
I'm aflame with such a burning desire
The little girl set my soul on fire
She's got me burning up like a paper cup
I say huh-huh, I'm on fire

Turn in full alarm
I'm aflame from all of her charme
Oh, little firebug can't you see
Can't you see what you're doing to me
You got me burning up like a paper cup
I say huh-huh, I'm on fire

And when my baby kisses me
I start shakin' like a ship on a stormy sea
And when I hear her say
I'm gonna love you every minute of the day
I start to roast like toast, oh-wee

Help me, mister fireman, please
You know I'm burning from my head to my knees
I'm aflame with such a burning desire
The little girl set my soul on fire
She's got me burning up like a paper cup
I say huh-huh, I'm on fire

And when my baby kisses me
I start shakin' like a ship on a stormy sea
And when I hear her say
I'm gonna love you every minute of the day
I start to roast like toast, oh-wee

Well, help me, mister fireman, please
You know I'm burning from my head to my knees
I'm aflame with such a burning desire
The little girl set my soul on fire
She's got me burning up like a paper cup
I say huh-huh, I'm on fire
