

Livin' Lovin' Wreck

Jerry Lee Lewis

When you kiss me did you see
What your kisses done for me
Baby I'm a livin' lovin' wreck

Can't you tell by the way I walk
Can't you hear it in my talk
Baby I'm a livin' lovin' wreck

I can make a hell to tell so many thing
All I seem to hear It seems burning thing
Although I don't feel no pain
Some things happen just the same
Baby I'm a livin' lovin' wreck

Piano solo/guitar solo

When you kiss me did you see
What your kisses done for me
Baby I'm a livin' lovin' wreck

Can't you tell by the way I walk
Can't you hear it in my talk
Baby I'm a livin' lovin' wreck

Oh! yeah, the doctor he said that he couldn't help my case
Then he said he wished you're right here in my place

Although I don't feel no pain
You know some things happening just the same
Baby I'm a livin' lovin' wreck
Oh! Yeah! a livin' lovin' wreck
Oh! yeah! a livin' lovin' wreck
