

Old Glory

Jerry Lee Lewis

There's a star spangled banner waiting somewhere
And it's waiting for you and for me
And that ole star spangled banner waits for glory
And it's waiting for the brave and the brief

(Well I trust in God because I know he cares for me)
Upon the land and upon his rolling sea
And that ole star spangled banner waits for glory
(And God gonna let it wave thru all eternity)

I trust in God because I know he cares for me
(Upon the land and upon his rolling sea)
(There's a old star spangled banner waits so glory)
And God gonna let it wave through out eternity
My God will let it wave through out eternity
