

Tragedy

Jerry Lee Lewis

Wind and storms
Gone's the sun the sun
From the stars
My dark has come
You've gone from me
Oh oh tragedy Oh oh

Oh come back
Have me here
Hold me love
Be sincere
You've gone from me
Oh oh, tragedy

Like smoke
From a pyre
Of love, oh oh
Our dreams
Have all gone
Of love, oh oh

Blown by winds
Kissed by snow
All that's left
Is the dark below
You've gone from me
Oh oh, tragedy
Oh oh oh, tragedy
Bmmm
