

## What'd I Say

Jerry Lee Lewis

Piercing words, eyes are red  
Watched your taillights in the rain  
Empty heart filled with regret  
I know we were both to blame  
And I'm not sorry that it's over  
But for the way we let it end  
So I said all I had to say  
In letters that I threw away  
And you should know, please believe me  
I've picked up the phone a thousand times  
And tried to dial your number, but it's been so long  
It's never easy, it's like tryin' to spin the world the other way  
ay  
What can I say?  
How did it come to this?  
I think about you all the time  
It's no excuse, but I wish  
That I never made you cry  
I'm not sorry that it's over  
But for the way we let it end  
I couldn't find the words to say  
And you should know, please believe me  
I've picked up the phone a thousand times  
And tried to dial your number, but it's been so long  
It's never easy, it's like tryin' to spin the world the other way  
ay  
So what can I say?  
(What can I say?)  
What can I say?  
(What can I say?)  
I hate to think all you had of me  
(I said all I had to say)  
Is a memory I left you  
Space between what was meant to be  
(In letters that I threw away)  
And the mess that it turned into  
And you should know, please believe me  
I've picked up the phone a thousand times  
And tried to dial your number, but it's been so long  
It's never easy, it's like tryin' to spin the world the other way  
ay  
It's like tryin' to spin the world the other way  
What can I say?  
What can I say?  
(What can I say?)
