

When He Walks On You (Like You Have Walked On Me)

Jerry Lee Lewis

Someday you'll feel
A trembling in your knees
When time has changed
The fashions of his dreams

Then you'll grow weak from holding on
The love that wants to leave
When he walks on you
Like you have walked on me

When you wake up without him
Please remember
A faithful heart of your old
Used-to-be

With happy tears and open arms
I'll welcome you sweetheart
When he walks on you
Like you have walked on me

When you wake up without him
When he walks on you
Like you have walked on me
