

## When He Walks On You (Like You Have Walked On Me)

Jerry Lee Lewis

Someday you'll feel  
A trembling in your knees  
When time has changed  
The fashions of his dreams

Then you'll grow weak from holding on  
The love that wants to leave  
When he walks on you  
Like you have walked on me

When you wake up without him  
Please remember  
A faithful heart of your old  
Used-to-be

With happy tears and open arms  
I'll welcome you sweetheart  
When he walks on you  
Like you have walked on me

When you wake up without him  
When he walks on you  
Like you have walked on me
